PART I

GENERAL

Proceedings of the Government of Mysore,

Notification No. 5234—Mis. 1019, dated 3rd November 1896.

The following appointments are ordered :—

Mr. T. Weir, I. C. S., retired, is appointed Deputy Commissioner and District Magistrate, Kadur district, and is invested, under Section 30 of the Code of Criminal Procedure, with the power to try as a Magistrate all offences not punishable with death.

Mr. H. H. Sparkes, Deputy Commissioner, Kadur district, to be Superintendent of the Bangalore Central Jail, Superintendent of the Government Press and Stationery, and Compiler, *Mysore Gazette*. (To join on being relieved.)

Mr. D. A. Choksi, Superintendent, Central Jail, to be Civil Surgeon, Bangalore. (To join on being relieved.)

No. 5292-5—Mis. 1038, DATED, BANGALORE, 5TH NOVEMBER 1896.

ORDER.—Copy of the foregoing Notification will be forwarded to the Comptroller, Mysore Government, with the intimation that Mr. Weir's salary as Deputy Commissioner and District Magistrate of Kadur has been fixed by the terms of his engagement with the Durbar at Rs. 1,500 per mensem, together with the leave and travelling allowances under the rules in force. Mr. Weir will occupy the Deputy Commissioner's residence at Chikmagalur on the terms hitherto usual.

2. Mr. Sparkes' salary as Superintendent of the Central Jail, Government Press and Stationery, and Compiler of the *Mysore Gazette*, will be Rs. 1,000 per mensem, and he will be given for his residence, free of rent, the house hitherto occupied by the Superintendent of the Central Jail.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller to the Mysore Government.
The Registrar to the Inspector General of Prisons.
The Deputy Commissioner, Kadur district.
The Secretary to the Government of Mysore, Public Works Department.

No. 1—D. DATED, BANGALORE, 9TH NOVEMBER 1896.

CIRCULAR ORDER.—As the North-East Monsoon has so far been disappointing, the Deputy Commissioners are requested to lose no time in throwing open for temporary cultivation, the beds of tanks, *under which cultivation is not possible with the quantity of water the tanks may now hold*. The measure is important for all maidan taluks, as it will be the means of enabling the raiyats over a large tract to raise a considerable quantity of quick growing crops—either food grains or fodder for cattle. The Deputy Commissioners should, by means of personal direction where possible and by means of detailed instructions to the Amildars, cause due effect to be given to these orders as quickly as possible and before the tank beds become dry.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To— The Deputy Commissioners of Districts.

No. 2—D., DATED, BANGALORE, 10TH NOVEMBER 1896.

ORDER.—The Deputy Commissioners of Chitaldrug, Tumkur and Kolar are requested to have ready as quickly as possible programmes of village relief works for the taluks where demand for employment is likely to arise before the commencement of the next South-West Monsoon. These programmes should, as in 1891-92, consist chiefly of village tanks below the limit of Rs. 300. The Rules laid down in Government Proceedings (General), dated 13th December 1891, Camp Nos. 26, 27 and 28, should receive careful attention, as also the observations in Government Proceedings (General) Camp No. D. 43, dated 23rd December 1891 and Camp No. D. 70, dated 4th January 1892.

C. SREENIVASIENGAR,
Secy. to Govt, Gen. & Rev. Depts.

To—The Deputy Commissioner, Chitaldrug.
The Deputy Commissioner, Tumkur.
The Deputy Commissioner, Kolar.

No. 3—D, DATED, BANGALORE, 13TH NOVEMBER 1896.

ORDER.—The North-east Monsoon having so far proved disappointing, Government are of opinion that every encouragement should be afforded for the early execution of works of permanent usefulness by a liberal grant of loans to raiyats for land improvement and irrigation wells. The Deputy Commissioners of the Bangalore, Kolar, Tumkur, and Chitaldrug districts are accordingly requested to ascertain by careful enquiry the amount required to meet the demand for such loans, and to apply as early as practicable for such funds as they may wish to be placed at their disposal for this purpose. In granting loans the necessity of providing employment for local laborers during the present season must be borne in mind, and preference given to applications from such raiyats as are willing to start and carry out the works in question immediately.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Deputy Commissioners of Bangalore, Kolar, Tumkur, Chitaldrug

---

No. 4—D, DATED, BANGALORE, 13TH NOVEMBER 1896.

ORDER.—A sum of Rs. 97,900 from Local Funds General is sanctioned for expenditure during the current year on drinking-water wells, ponds, &c., and on village sanitation, including the removal of prickly pear from the vicinity of villages, the filling up of insanitary pits, ditches, &c. The amount allotted for each Local Fund circle is specified in the appended statement, and the Deputy Commissioner of each district is requested to spend the amount placed at his disposal, where work of the kind contemplated is most urgently required, and in special cases with reference to the present prospects of the season.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

The Comptroller in Mysore.
The Deputy Commissioners of Districts and Presidents of Local Fund Boards.
The Chief Engineer and Secretary to Government, P. W. D.
The Senior Surgeon and Sanitary Commissioner.

Statement showing sums sanctioned from Local Funds General for expenditure during 1896-97 on drinking-water wells, ponds, &c., and on village sanitation.

No. 5—D, DATED, BANGALORE, 13TH NOVEMBER 1896.

ORDER.—Adequate and efficient police protection being a matter of the highest importance during the present season of high prices, the Inspector General of Police will be good enough to issue such special instructions and take such precautionary measures as would ensure the safety of property throughout the Province, especially of food grains in store as well as in transit. It is hoped that everything will be done to give a sense of the fullest security to the people everywhere.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Police.

No. 6—D, DATED, BANGALORE, 13TH NOVEMBER 1896.

ORDER.—It is believed that the right of grazing in State Forests is no where sold to any single individual by auction. If, on enquiry, however, such a practice is found to prevail in any district, the Conservator of Forests will be good enough to issue orders directing its immediate discontinuance.

2. Having regard to the unfavorableness of the season and to the necessity which might arise of throwing open the State Forests for the free use of cattle, the Deputy Commissioners of maidan Districts should arrange and intimate to the Conservator of Forests a programme for the utilization of the available pasturage to the fullest extent necessary during the next six months.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Conservator of Forests in Mysore.
The Deputy Commissioners of Districts

No. 7—D. DATED, BANGALORE, 18 TH NOVEMBER 1896.

ORDER.—Having regard to the prospects of the season, Government desire that all their officers in the undermentioned Departments should remain at their posts unless compelled by illness or very urgent private business to absent themselves from duty :—

Revenue.	Medical.
Police.	Forest.
Department, Public Works.	Judicial.

2. Government accordingly direct that until further orders no leave be ordinarily granted to any officer of these Departments except casual leave for a period not exceeding five days, or leave on medical certificate.

3. Officers on longer leave than five days, other than leave on medical certificate, will be warned that they are liable to be recalled to duty whenever the Government, or the Head of the Department concerned, may consider such a step necessary in public interest.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts

To—The Deputy Commissioners of Districts.
The Chief Engineer in Mysore
The Inspector General of Police in Mysore.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Conservator of Forests in Mysore.
The Registrar, Chief Court of Mysore, and
All other Heads of Departments for information.

READ :—

Correspondence ending with letter No. 303, dated the 10th November 1896, from the Inspector General of Registration in Mysore, bringing to notice the non-receipt of the full supply of stationery indented for by him for the use of his own office and of the offices under him for the year 1896-97.

No. 6036-68—Mis. 1136, DATED, BANGALORE, 25TH NOVEMBER 1896.

ORDER THEREON.—Government consider it necessary to give definite instructions to the Superintendent of Stationery as regards the number of Sub-Registrars' offices to which a supply should be made in accordance with indents forwarded to him by the Inspector General of Registration. The Inspector General is therefore requested to submit a complete list of offices to which he desires stationery to be supplied from the Depôt, together with an indent giving the minimum quantities of the stationery required for each office for the year. Pending the receipt of such indent and of the orders of Government thereon, the Superintendent will, as early as practicable, comply with the requisitions he has already received to their full extent.

2. Whenever new Sub-Registry offices are opened in future a formal application may be made to Government so as to enable orders being issued directing the supply of stationery to such offices as per indents sent by the Inspector General.

3. A similar application with orders thereon seems desirable in the case of all new offices in every department. This course is accordingly recommended for adoption by all Heads of Departments.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Registration in Mysore.
The Superintendent of Stationery.
Heads of all Departments.

No. 6199-210—Mis. 1169, dated, Bangalore, 27th November 1896.

Order.—To the heading of column 7 of the form of Cholera report submitted to this office (Mortuary Serial No. 6), the following addition will be made—"and if so, what places." The heading of that column will then be as follows:—"Has the deceased visited any place in which the disease prevails, and if so, what places." Deputy Commissioners are requested to give the additional information in future reports.

2. The Superintendent of the Stationery Depôt will be requested to cause the above addition to be made when ordering a new supply of these forms.

4. *Letter No. 824, dated the 22nd February 1896, from the Superintendent of the Government Press, suggesting the advisability of introducing the Piece Work system into the Branch Press at Mysore.*

No. 6211-3—Mis. F. 135-92, dated, Bangalore, 27th November 1896.

Order thereon.—The cost of the permanent establishment of the Branch Press at Mysore is Rs. 173 per mensem. In the Government Proceedings of the 5th December 1894, quoted above, a temporary establishment costing Rs. 95 per mensem was also sanctioned for the Branch Press in connection with the work of the Oriental Library and for the publication of a work called "Yogaratnakara".

2. In the letter read above the Superintendent proposes (1) to introduce the system of Piece Work into the Branch Press at Mysore, as in the Central Press at Bangalore, (2) to reduce the permanent establishment to the extent of Rs. 95, (3) to do away with the temporary establishment altogether, (4) to give small increases to the extent of Rs. 13 to the permanent establishment retained, and (5) to entertain a Proof Examiner on Rs. 25 per mensem.

3. These proposals of the Superintendent commend themselves to the Government and are accordingly sanctioned.

4. The scale of the permanent establishment of the Branch Press as now revised will stand as follows:—

Letter No. 1481—175, dated 6th November 1896, from the Inspector General of Police in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

With reference to the correspondence ending with Government Proceedings No. 5162—J. 593, dated 3rd November 1896, re the introduction of the System of Anthropometry into Mysore, I have the honor to report that, as stated in my letter No. 1323—152, dated 15th October 1896, the three Police officers and the other men were sent to Madras, where they were instructed by the Assistant Inspector General Mr. Meredith in taking anthropometric measurements and finger-print impressions.

2. Instruction in the details of the Bureau System and about inaugurating anthropometry had to be deferred as the instruction to be profitable would have to be imparted in the office and to the head of the office, who may have to be in charge of the Bureau. Accordingly when Mr. Meredith was here last month, he, at my instance, kindly agreed to devote his leisure to put my Assistant in the way. He later on saw the British Resident and obtained his permission to undertake the work. Mr Meredith then attended my office for a few days and instructed my Assistant in the above details. I may mention here that Mr. Meredith is a specialist who has studied the subject in London and Paris and has been the first in India to introduce finger-print classification as a valuable adjunct to anthropometry. He has also introduced a new card for juvenile offenders based on finger-print impressions only.

3. I would request that Government will be pleased to intimate to the Madras Government the fact of Mr. Meredith having kindly devoted his leisure to instruct the Inspector General's office at Bangalore in the details of the Bureau System and to convey to that Government their appreciation of the valuable services of Mr. Meredith in helping the Mysore Police to inaugurate anthropometry and finger-print classifications.

4. The appliances necessary for working the system are—

(1) Four big almirahs for sorting the cards.

(2) A set of instruments for each district and sub-division (to be bought later on).

(3) A set of wooden stands for taking measurements also for each district.

Estimates for these appliances will follow.

5. I intend to start the system by sending the trained men to the jails and lock-ups for taking the measurements of convicts. Identification of old offenders could of course take place only after a few thousand cards shall have been collected. I shall also have the measurements of known depredators taken.

6. For the satisfactory working of the system, it will be necessary that the Inspectors in each district should be trained in taking measurements. I propose to instruct them by turns at the Head office without putting Government to any additional expense.

7. For this work, and also for taking the measurements referred to in para 2, it is essential that there should be an Inspector who could devote his time entirely to it. The pay of the Inspector may for the present be fixed at Rs. 50+15. Sanction is also solicited for a clerk on Rs. 25 to keep the register, file the cards, manage correspondence and be in charge of the Central Bureau.

No. 5937-9—J. 694, DATED, BANGALORE, 23RD NOVEMBER 1896.

ORDER THEREON.—The appreciation of the Durbar for the services rendered by Mr. Meredith will be separately conveyed to the Madras Government through the Resident.

2. The Inspector General proposes in the letter read above to start the anthropometric and finger-print system by sending the trained men to the jails and lock-ups for taking the measurements of convicts and known depredators, and to have the Inspectors of each of the districts instructed by turns at the Head office without any additional cost to Government. These proposals are approved.

3. The appointment of a Special Inspector on Rs. 50+15 per mensem for that purpose and of a clerk on Rs. 25 per mensem to be in charge of the Central Bureau and manage correspondence, &c., relating to it, is sanctioned, the charge, during the current year, being met from the General Savings of the Police budget.

4. The submission of estimates for certain appliances reported to be necessary will be awaited.

Letter No. 154, dated 22nd July 1896, from the President of the District Fund Board of the Mysore circle, submitting the explanations called for in Government Proceedings No. 11019-50—L. F. 91-95, dated 26th March 1896, in regard to the District Fund budget estimates of the Mysore circle for 1896-97.

READ :—

Letter No. 318, dated 8th August 1896, from the Comptroller, stating that the toll collections to be credited to the Mysore District Fund circle in 1895-96, under the Public Works Department Proceedings No. 699-701—3959-61, dated 1st August 1896, amount to Rs. 3,821.

(2) Letter No. 683, dated 3rd October 1896, from the Deputy Commissioner, Mysore, submitting the information called for in regard to the contribution payable from the District Funds to the Mysore City Municipality for the maintenance of District Fund roads within its limits.

No. 5425-8—L. F. 91-95, DATED, BANGALORE, 11TH NOVEMBER 1896.

ORDER THEREON :—

RECEIPTS.

When reviewing the District Fund budget of the Mysore circle for 1896-97, a sum of Rs. 10,000 entered under "V. Tolls" was disallowed as, under the then existing orders, the entire realizations from tolls on Provincial roads were creditable to Provincial Funds. As under the recent Orders of Government, dated 1st August 1896, No. 699-701—3959-61, issued in the Public Works Department, a moiety of the toll collections is creditable to the District Funds of the Mysore circle, the Deputy Commissioner now proposes to enter a sum of Rs. 5,000 which he expects from tolls during 1896-97. As the toll revenue actually credited to the District Funds during 1893-94, 1894-95 and 1895-96 amounted only to Rs. 514, 4,928 and 3,821, respectively, it would not be safe to anticipate more than Rs. 4,500 during the current year. This sum will accordingly be inserted in the budget.

EXPENDITURE.

2. *A. Public Works to be executed by Public Works Department.*—The explanation furnished in regard to the lengths and mileage rates of the marginally noted roads referred to in para 7 of the Proceedings under reply is accepted; and the deduction to be made from the mileage allotments of District Fund roads for payment of contribution to the Mysore City Municipality will be reduced from Rs. 1,600 to Rs. 950, and the estimate under "II. Repairs" raised from Rs. 20,035 to Rs. 20,685, a corresponding reduction being made under the head "I. Civil charges, IX. Contributions." The provision on account of establishments will be raised from Rs. 8,186 to Rs. 8,520 which represents 17½ per cent on the estimate for original works and repairs As the sum of Rs. 7,665 provided under "Reserve" is apparently large, it will be reduced to Rs. 6,965.

1 Yedatore-Ramanathpur road.
2. Yelval-Hassan road.
3. Gundlupet-Chamrajnagar road.

CIVIL CHARGES.

3. *Office Establishment.*—A sum of Rs. 66 will be entered under this head in accordance with Government Proceedings No. 3425-35—L. F. 12-92, dated 9th September 1896, to meet the contribution towards the cost of establishment maintained in the Dewan's office.

4. *IV. Midwives.*—The omission made in the statement of details under this head of the pay (Rs. 180) of the midwife at Gundlupet will be supplied, retaining the total provision of Rs. 1,320 under this head unaltered.

5. *V. Sweepers for Travellers' Bangalos and Musafirkhanas.*—A sum of Rs. 120 will, as proposed, be entered under this head to meet the cost of contingencies of musafirkhanas sanctioned in Proceedings No. 10615-23—L. F. 103-95, dated 16th March 1896. To meet the cost of the marginally noted sweepers since sanctioned, the total provision will be raised from Rs. 1,380 to Rs. 1,680.

Revised District Fund budget estimates of the Chitaldrug Local Funds circle for 1896-97, submitted with the docket of the Deputy Commissioner's No. 159—126, dated 15th August 1896.

2. Letters from the Comptroller, Nos. 605 and 614, dated 23rd and 24th September 1896, stating that the actual balance in favor of the District Fund of the Chitaldrug circle on 1st July 1896 was Rs. 21,199-12-10.

No. 5628-30—L. F. 96-95, DATED, BANGALORE, 17TH NOVEMBER 1896.

ORDER THEREON.—The opening balance of Rs. 18,637 entered in the revised budget will be raised to Rs. 21,200 which is the actual balance in favor of the District Funds of the Chitaldrug circle on 1st July 1896 as per Comptroller's certificate.

EXPENDITURE.

2. *B. Public Works to be executed by Revenue Department.*—The provision of Rs. 7,146 made under this head on account of establishment charges, which is only 3·3 per cent of the amount provided for works, is passed.

CIVIL CHARGES.

Total ...	645	720	654

3. *I. Office Establishments.*—In lieu of Rs. 720 provided in the revised budget on account of establishments a sum of Rs. 654 will be entered as shown in the margin.

4. *V. Sweepers for Travellers' Bungalos and Musafirkhanas.*—The revised provision made under this head is Rs. 2,410 against Rs. 1,562 sanctioned in the original budget. On a reference to Enclosure D, showing details under this head, it would appear that the total provision required is only Rs. 1,620. The necessity for the increase of (2,410—1,620) Rs. 790 has not been explained, and this should now be done. Moreover Enclosure D omits the name of the 3rd class bangalo at Rampur. Pending revision and re-submission of the statement, which is herewith returned, the enhanced provision made in the revised budget will be retained.

5. The other items of increase for which details have been furnished in Statement B call for no remark, and are passed.

6. The budget estimates of receipts and charges of the Chitaldrug Local Funds circle for 1896-97, as now revised, will stand as per details given in the accompanying appendices, of which an abstract is given below:—

			Rs.
(1) Actual balance on 1st July 1896			21,200
(2) Estimated receipts for 1896-97			40,430
(3) Total including balance			61,630
(4) Estimated expenditure—		Rs.

B. Ditto Revenue Dept.		7,385	
C. Civil charges		15,184	
			52,125
(5) Estimated closing balance			9,505

The above closing balance is less than one-fourth of the annual income by Rs. 603. The Deputy Commissioner is requested to see that savings are effected in the sanctioned estimates in view to the prescribed minimum balance being maintained.

No. 5876-85—L. F. 112-95, DATED, BANGALORE, 23RD NOVEMBER 1896.

ORDER THEREON.—In October 1889 an annual provision of Rs. 25 was ordered to be made for feeding in-patients in exceptional cases in Local Fund dispensaries. The Senior Surgeon having stated in his letter of the 11th June 1896 that the sum thus allowed for in-patients was quite inadequate and that the same might be raised to Rs. 60 per annum, statistics were called for from the several Deputy Commissioners showing the number of patients treated and the number of days on which cooking had to be done in each dispensary. From the information now furnished the Government are of opinion that the increased provision recommended is necessary, and they accordingly sanction the same.

2. In the District Fund budgets for 1897-98 provision should be made at the rate of Rs. 60 including any allowance now being granted or to be granted hereafter for cooking food for in-patients in each dispensary. During the current year the Comptroller will be authorized to admit from General Savings any excess charge over the sanctioned allotment up to the above limit of Rs. 60.

Letter No. 928, dated 28th September 1896, from the Senior Surgeon.

With reference to the Proceedings of Government and Order thereon No. 1410-S—L. F. 60-95, dated 28th July 1896, observing that the formation of dispensaries at certain places in the province may be taken up in the order of importance and urgency, I have the honor to request permission to entertain medical pupils as shown in the statement marked A for the next few years to undergo a course of training to qualify themselves for the grade of Hospital Assistants so as to enable me to give full effect to the order quoted.

2. There are at present eleven medical pupils as particularized in the statement B expected to pass out from the Medical College in the years specified opposite their names, but this number is totally inadequate to meet the requirements of the service with due regard to probable extension of medical relief throughout the State.

3. The present strength of the Hospital Assistant class is as follows:—

Senior Hospital Assistants	..	...	...	3
1st class	ditto	...	...	50
2nd class	ditto	..	...	13
3rd class	ditto	...	..	54

distributed over the several medical institutions in the province as detailed in statement C, herewith attached, from which it will be seen that no provision exists to detail Hospital Assistants to the two of the Deputy Commissioners, *i. e.*, Tumkur and Chitaldrug, and no reserve from which to supply Hospital Assistants for cholera or other special duties in different parts of the country, or to meet casualties among Hospital Assistants caused either by death, resignation or dismissals, &c.

4. Under Proceedings of Government No 5832-13—Cir. 119, dated 24th December 1887, there were a certain number of pupils fixed for entertainment for a certain number of years, but the sanction, therein conveyed, ceased to exist after the official year 1895-96.

5. For the reasons above stated it will be observed that a real necessity exists for taking on an increased number of pupils, and I, therefore, request that Government will be pleased to sanction the entertainment of ten students for the next three years commencing with the present scholastic year which begins on 1st October 1896. As the time is so short, I have the honor to state that I shall, in anticipation of sanction, take on ten pupils, as it is necessary that they should undergo a pre-collegiate training in one of the State Hospitals before being admitted into the Medical College.

Proceedings of the Government of Mysore,

Letter No. 1055—254, dated 2nd September 1896, from the Deputy Commissioner, Kolar district, submitting statements Nos. 1 and 2 of irrigation wells for the fortnights from 1st October 1895 to 30th June 1896.

READ:—

Letter No. 1188—295, dated 15th September 1896, from the same officer, submitting statements Nos. 1 and 2 for the fortnights in the months of July and August 1896.

No. 4204-5—R. F. 2-96, DATED, BANGALORE, 4TH NOVEMBER 1896.

ORDER THEREON.—It is observed that, under para 6 of the Irrigation Wells Rules, the special annual charge must not exceed Rs. 5 per acre of the irrigable area. But in the cases noted in the margin, this limit will be exceeded if the period for repayment be as given in the statement. For the above reason a revised statement submitted by the Deputy Commissioner increasing the number of instalments in the case now in question and in other similar cases, was approved in Government Proceedings No. 19687-8—R. F. 26-92, dated 14th April 1893. In cases Nos. 2 and 6 noted in the margin the annual charge will be more than Rs. 5 per acre even if the loan were repayable in 30 years, which is the highest period allowed. The amount of the loan orders should have been reduced to the necessary extent as observed in a similar case in Government Proceedings No. 3238—135-95, dated 22nd September 1896.

2. From the remark made in the statement submitted with the 2nd of the letters read above, it is clear that a loan of Rs. 200 was promised to Srikantaiya of Kallur for sinking two irrigation wells, one of which was completed, and the sum of Rs. 100 advanced for the other well, which was not completed, was utilized towards the adjustment of the completed well. This is objectionable. The irrigable area of the completed well being only 33 guntas, the maximum amount that can be advanced is Rs. 75. The amount advanced for the well which was not completed ought to have been recovered as required by the rules.

3. The Deputy Commissioner's attention is directed to the above observations with a request that the necessary steps may be at once taken in the matter. If the special sanction of Government be required in any case, a separate report with full particulars may be submitted.

4. The period of 12 years fixed for repayment of the loan granted to Muniyappa of Balla, Mulbagal taluk, extends from 1896-97 to 1907-8, and not 1906-7, as noted in the statement. This should be rectified.

5. As the fortnightly statements are intended to show the work turned out during the fortnight, the entries made in a former statement need not be repeated in subsequent statements.

Correspondence ending with letter No. 907—219, dated 19th August 1896, from the Deputy Commissioner, Kolar district, on the subject of the shanbhog office of Nandanabosahalli and four other villages in the Sidlaghatta taluk.

No. 4087-94—R. 1406, DATED, BANGALORE, 1ST NOVEMBER 1896.

ORDER THEREON.—The papers submitted by the Deputy Commissioner show that Lakshminarasappa, the baravardar shanbhog, has been in Government service since February 1873, and that he became the registered shanbhog of the villages in question in 1884. Since then the duties of the shanbhog office are being performed by gumastas appointed by Lakshminarasappa from time to time. He now requests that his brother Krishnappa, who is the registered shanbhog of certain other villages, may be appointed to officiate for him as gumasta. The Deputy Commisisoner, in soliciting instructions as to whether Lakshminarasappa, who is now a clerk in the Bangalore Sub-Registrar's office, should be required to perform the duty himself or a competent gumasta nominated by him may be permitted to discharge the shanbhog duties, points out that the provisions contained in the Revenue Rules do not seem to contemplate cases of this kind.

2. Government observe that the registry of the name of a person as an officiator shanbhog is not an honorary distinction. The right to a shanbhogi office is inseparable from the efficient discharge of duties connected therewith; the only exception allowed by para 5 of Section XLIII of the Mysore Land Revenue Rules being in the case of widows or minors on whose behalf gumastas may be appointed. The officiator shanbhog in the present case has no such disability, and he cannot, being a registered shanbhog, be permitted to absent himself for employment elsewhere. He should therefore be called upon to elect the one or the other. If he prefers to remain in Government service elsewhere, he should resign his *hak* to the shanbhog office in favor of his next of kin.

3. The Deputy Commissioner is requested to give effect to the above orders.

I have the honor to submit for the approval of Government a proposal to re-classify the wet and garden lands only in seven taluks as per margin, comprising 1312 villages, the revision of the original settlement of which is now under consideration.

2. I will briefly explain the circumstances under which, in my opinion, the above operation is necessary. The intention of Government is that these villages should be revised, as to settlement, on paper, so to speak, without any fresh operation of measurement or classification in the field, the original operations being rightly considered to have been so accurately carried out in the first instance as to preclude any necessity for fresh field operations.

3. No re-measurement is necessary either in the case of wet or dry lands and re-classification may be dispensed with in the case of dry lands; but, when I came to attempt giving effect to the wishes of Government, very grave doubts occurred to me as to whether it was possible to dispense with re-classification in the case of wet and garden lands.

4. Dry land, as I have already stated, need not be re-classified, because, from its character, no great changes have taken place and the original classification will suffice; but in the case of garden and wet lands the case is very different. I allude of course chiefly to garden and wet land dependent upon water supplied at the cost of Government. In their case the value assigned to the water-supply has changed with every improvement or deterioration, as the case may be, of the works upon which they are dependent. Revenue Officers, whether they were able to do so or not, and it is very doubtful if they could have ganged and reported the circumstances of each tank, have failed to bring to the notice of the Survey Department instances coming under Section 116 of the Land Revenue Code, and the assessment fixed at the original settlement has remained unchanged to this day, although some tanks have improved and others, I am credibly informed, have greatly deteriorated. This being the case, the original water valuation, if now adopted as the basis of a revised settlement, would be productive of loss to Government on the one hand and on the other of unfairness to the raiyat. I therefore urgently recommend a re-classification. My Deputy Superintendent Mr. Appu Rao, and Mr. Narayana Rao, now Deputy Commissioner of the Chitaldrug district, both strongly urge the measure I now propose. This re-classification I wish to make clear has for its object no raising of the assessment in any way in contravention of Section 115 of the Land Revenue Code; indeed it is recommended more in the interests of the people themselves, although no doubt where the water-supply has in some cases been improved at the cost of Government the valuation will be somewhat higher. For the most part, however, I am led to believe the re-classification will be to the benefit of the raiyats. At all events it is only fair that in revising the assessment we should adopt as a basis a true valuation of the water supply as it now exists.

5. There is next the question of re-classifying the gardens under private wells. I think they should be re-classified, because I am informed that many are now not much better than the best dry land. Others of course have improved, but no enhancement of the assessment can on that account take place. It is very necessary to know what the real extent now is under the heads of wet and garden, and this we cannot ascertain without re-classification. Government might also wish to consider whether, in revising the present assessment, the rates on purely well garden might not, as was done in Bombay, be more assimilated to the maximum dry rate.

6. On the whole I recommend the re-classification of all wet and garden lands, not only as above explained on the ground of fairness but for statistical purposes.

7. I have a classing establishment ready to proceed at once upon this work and should feel greatly obliged by an early decision on my proposals as the field season is close at hand.

No. 4115-17—R. 1414, DATED, BANGALORE, 5TH NOVEMBER 1896.

ORDER THEREON.—The Government are pleased to direct a re-classification of rice and garden lands in the taluks noted in the margin, with special reference to the value assignable to the water-supply now enjoyed by such lands. The principles upon which the assessment on the re-classified wet and garden lands should be revised are reserved for further consideration.

No. 4196-4203—R. F. 32-96-97, DATED, BANGALORE, 9TH NOVEMBER 1896.

ORDER THEREON.—Complaints have been frequently made that the levy of mohatarfa on small thatched hu s presses with undue severity upon poor classes by whom such huts are generally occupied. The Government are satisfied that these complaints are not without foundation and are anxious to concert measures for affording the needed relief to such people. It is needless to add that unless the District and Jamabandi Officers co-operate earnestly, the existing inequalities and hardships will not be removed. The first step towards any improvement in this direction is to ascertain the correctness of the values put upon such huts. The Deputy Commissioners are requested to give their personal attention to this matter during the ensuing jamabandi and to ensure the correct valuation of such houses and modify the taxes in accordance with such valuation. After the jamabandi of the whole district is closed they will send to Government the returns required in Government Order No. 8382-89—R. 3251, dated 13th March 1896, showing the number of huts of five rupees and under and of those above five rupees and under ten rupees together with the revenue derived from each class of them. The Government will then be in a position to consider and decide what concessions are called for. In the meantime, the Deputy Commissioners are requested to exercise sound discretion and to remit taxes in all deserving cases where their imposition under the general rules is attended with undue hardship to any poor destitute person. While relief to all deserving should not be refused, it is of great importance that this measure should not be abused; and the Jamabandi Officers are expected to exercise great care and judgment in the matter. Every exemption granted under the authority of this order must be recorded in the takrar-faisal patrik (Form No. 8, Appendix A of Revenue Rules) and with the statements required above, the Deputy Commissioners will also submit a statement showing the amount of remissions granted under this order.

No. 4538-39—R. F. 2-96, DATED, BANGALORE, 20TH NOVEMBER 1896.

ORDER THEREON.—A sum of Rs. 20,000 was allotted to the Tumkur district in Government Proceedings No. 1535-43—R. F. 2-96, dated 10th August 1896, for advances to be made for irrigation wells during the year 1896-97. Of this amount a sum of Rs. 17,635 including Rs. 8,500 spent over and above the allotment sanctioned for 1895-96 has already been advanced, leaving a balance of Rs. 2,365. As this amount is insufficient to meet the demands of 111 applications now pending disposal, the sum of Rs. 30,000 applied for by the Deputy Commissioner is sanctioned. The total sum allotted for the district for 1896-97 will thus amount to Rs. 50,000.

A "Nil" statement should be submitted if, in any fortnight, no new applications are sanctioned, or final loan orders issued.

Letter No. 1551—121, dated 9th September 1896, from the Excise Commissioner in Mysore.

Adverting to Government Proceedings No. 1403-11—Ex. 55, dated the 3rd August 1896, I have the honor to bring to the notice of Government that the grazing of cattle in date groves has proved injurious not only to the existing trees but also to the reproduction of the trees, owing to the following causes :—

(1) the black beetle produced in the dung of cattle bore into the tender shooting leaf of young trees and destroy them ;

(2) cattle prevent the growth of seedlings, both by grazing them and by treading upon them.

2. In many parts of the province the paucity of date trees for the manufacture of toddy is greatly felt. It is of the utmost importance that in the interests of toddy revenue, the conservancy of date groves should be strictly enforced, besides giving every facility to the natural reproduction of the trees. Under such circumstances, I beg to suggest that orders may be issued prohibiting the sale of grazing right in date groves, and directing that the grass growing therein may be sold on condition that it shall be cut and removed without injuring date seedlings.

3. I beg to submit herewith a copy of the judgment of the Closepet Sub-Division Officer, bringing to notice how a raiyat of Allalasandra village in the Closepet sub-taluk, to whom certain lands containing date trees have been granted for grazing purposes, the right of the trees being reserved to Government, has been destroying a number of the trees with the object of bringing the lands under cultivation. I submit that it is a great loss to grant the lands containing date trees, either for cultivation or for grazing purposes, the right of the trees being reserved to Government. There can be no doubt that the trees in such lands will soon disappear either through the wanton mischief of the occupants of the lands, or otherwise, and owing to the reproduction of the trees being prevented by the grazing and treading of cattle. I beg to recommend, therefore, that the lands referred to in the judgment of the Closepet Sub-Division Officer, as well as other date groves in the province, granted similarly for grazing purposes, may be ordered to be reserved for the requirements of the State toddy revenue.

Enclosure.

In the Court of the Sub-Division Magistrate, Closepet, dated 2nd September 1896.

Present K. P. Puttanna Chetti, Esq., Sub-Division Magistrate.

Criminal Case No. 66 of 1895-96.

Complainant.		*Accused.*
Jagan Naikalu.	*versus.*	Venkatanarnappa.

JUDGMENT.

1. The complaint was that the accused unauthorizedly cut down the branches of certain toddy trees which were the property of Government and set fire to the branches when they were dry and that the fire spread and burnt down 60 or 70 toddy trees fit for tapping and a large number of seedlings in the toddy grove. The prosecution was at the instance of the Excise Department.

2. The following witnesses were examined for the prosecution :—

(1) Jagan Naikalu, (2) Linga Devarappa, (3) Narasaiya, (4) Thimmaiya, (5) Nanjundagauda.

The exhibits filed were—

A. Report of Linga Devarappa, dated 18th June 1894.

B. Mahazar, dated 9th December 1894.

3. The following charge was framed against the accused :—

"That you on or about the 14th day of June 1894, at Allalasandra, cut down the branches of toddy trees belonging to Government and set fire to them thereby destroying toddy trees which were yielding toddy and a large number of seedlings."

4. The accused pleaded not guilty.

5. The accused stated as follows :—

"I did not lop the branches. I caused the branches lopped by the toddy drawers to be burnt in an open place. There is great *zid* between me and Patel Nanjundagauda in connection with survey No. 22 in Allalasandra village. He has concocted this case against me."

6. Only one witness was examined for the defence, *viz.*, Shekdar Narasimhaiya

The exhibits filed were—

I. Shekdar's report, dated 13th July 1894.

II. Shekdar's statement before the Deputy Amildar, dated 12th December 1894.

III. Fysal patrik.

7. The facts are as follows :—On the 18th June 1894, Toddy Izardar, Linga Devarappa, (prosecution 2nd witness) reported to the Deputy Amildar of Closepet (*vide* Exhibit A) that the accused, with a view to bring his land under cultivation, had lopped off the branches of a large number of toddy trees in the Allalasandra grove leaving only a few shoots at top and had set fire to the branches so lopped and that 700 or 800 toddy trees had been burnt in consequence of the fire. The Deputy Amildar referred this complaint to the shekdar (defence 1st witness) for enquiry. The shekdar visited the spot on the 13th July 1894, and submitted his report to the Deputy Amildar (Exhibit I). It may here be noted that the shekdar did not draw up a mahazar as to the state of things observed by him at the time of his inspection. The reasons assigned by him for this omission are far from satisfactory. The Deputy Amildar apparently slept over the matter until the 3rd November 1894, on which date he directed the Toddy Inspector (prose-

cution 1st witness) to make a local inspection of the spot and submit a report regarding the damage caused by the fire. The Toddy Inspector visited the locality on the 9th December 1894 and had a mahazar drawn up "Exhibit B." The accused was not present when this mahazar was recorded In the mahazar it was stated that the branches of 300 big toddy trees and of 400 young plants had been lopped and set fire to, that 60 or 70 trees fit for tapping had been destroyed by the fire, that 200 of the burnt trees had since thrown up fresh shoots and numerous seedlings had been completely destroyed by the fire. The Deputy Amildar thereupon examined the accused on the Revenue side. The accused on the 12th December 1894 made the admission on oath that he had set fire to the branches lopped by Edigars (toddy drawers) as they were cumbering the ground and preventing the cattle from grazing. It is on record that the Deputy Amildar inspected the grove on the 4th January 1895, and reported to the Deputy Commissioner that the Toddy Inspector's mahazar as to the damage caused was substantially correct. After some correspondence between the Taluk and District offices, the Toddy Inspector lodged complaint before this Court on the 3rd August 1895. This was referred by the Sub-Division Magistrate to the Police for local investigation. The Police report was received on the 27th September 1895. There is nothing on record to show what action was taken thereon. It was placed before me on the 27th May 1896, when I passed the following order :—

> "A *prima facie* case under Section 427 of the Indian Penal Code having been made out issue processes for the appearance of the accused and prosecution witnesses on the 8th June 1896 The Deputy Amildar will arrange to conduct the prosecution."

The case was taken on file and proceeded with accordingly.

8. The toddy grove is situated in survey Nos 110 and 111 of Allalasandra village. These numbers are in the holding of the accused They were confirmed to him at the time of the settlement on the condition that the toddy trees thereon has been reserved by Government and that the khatedar had no right to the said trees. In consequence of this stipulation the accused has enjoyed the grazing of the land, but has not been able to bring the land under cultivation. He therefore adopted the expedient which has resulted in much mischief to the grove. He hired the toddy drawers of the Izardar (prosecution 3rd and 4th witnesses) to clear the branches of the obstructing toddy trees. All but the top shoots were lopped off, and when they were sufficiently dry to catch fire, he set fire to them These facts are clearly spoken to by the prosecution 3rd and 4th witnesses. Furthermore, the prosecution 2nd witness distinctly stated in his report (Exhibit A), which report was made after he personally visited the spot and ascertained the particulars that the accused had got the branches lopped and set fire to them The facts he learnt from his servants, the Edigars (prosecution 3rd and 4th witnesses). It will thus be seen that the name of the accused figures as the doer of the mischief from the time the proceedings were initiated The accused finding stern facts against him makes a partial admission, *viz.*, that he set fire to the branches which had been lopped not by himself but by the Edigars for purposes of tapping. It is a well known fact that such extensive lopping is never resorted to for the mere purpose of drawing toddy from the trees. Moreover, I found that the branches of tender trees unfit for tapping had been lopped which would not have been the case if the branches had been lopped for tapping purposes as alleged by the accused. The object was doubtless to clear the ground and render it fit for cultivation The mahazar recorded by the Toddy Inspector has not been impeached in any way. It describes exactly the damage observed at the time of his inspection. I think the case for the prosecution has been clearly made out.

9. The only witness examined for the defence was shekdar Narasimhaiya, who inspected the grove shortly after the occurrence. This witness has made a slipshod report (Exhibit I). He tries to exonerate the accused by stating that none of the toddy trees had been destroyed by the fire. But his report, if read between the lines, bears ample testimony to the mischief wrought by the fire. He found that the branches of the toddy trees had been extensively lopped and set fire to, that some of the trees had been burnt in consequence, and that the loppings were still lying at the foot of the trees. What does all this indicate ?

10. I inspected the toddy grove on the 16th instant in the presence of the accused and the village and taluk officials. Even at this distant date, the effects of the damage caused in June 1894 are visible. I found the charred remains of the trees then burnt. Some of the trees have not as yet recovered from the effects of the severe scalding suffered by them. Reading the evidence in the light of the observations made by me on the spot I have no doubt in my mind that the accused with a view to cultivate his land tampered with the toddy trees which were an encumbrance to him. He set fire to the dry clearings. He perhaps had no intention to destroy the trees or burn the seedlings, but he should certainly have known the consequences of his own action A valuable Government toddy grove adjoins his land, and if the fire had spread to it the result might have been more disastrous He had no business to lop the branches of the trees on his own land or set fire to them His reckless act has caused the destruction of old and young toddy trees, the property of Government. The immediate damages have been estimated at Rs. 270 by the Toddy Inspector, who is a competent authority in such matters This does not include the value of the seedlings which succumbed to the conflagration.

11. I am constrained to remark on the want of promptitude shown by the Deputy Amildar Mr. Vasudeva Rao, whose duty it was to have visited the affected locality and assessed the damage as soon as the fire was reported. This he failed to do.

12. The Court finds the accused, Venkatanaranappa, guilty of the offence, with which he is charged, *viz.*, that he cut down the branches of toddy trees belonging to Government and set fire to them, thereby burning toddy trees which were yielding toddy, and further destroying a large number of seedlings, an offence punishable under Section 427, Indian Penal Code.

13. Considering the long time that has elapsed since the occurrence took place, I will deal with the accused leniently. The Court directs that the accused, Venkatanaranappa, be sentenced to pay a fine of Rs. 200, in default of payment, to suffer simple imprisonment for three months.

No. 4744-52—R. F. 138-93, DATED, BANGALORE, 24TH NOVEMBER 1896.

ORDER THEREON.—This is a very important matter. As the Government have it in contemplation to introduce the tree-tax system, it is very desirable that date groves should be conserved with the strictest care and attention. The very fact that particular tracts have been reserved, as date groves, may be taken as *prima facie* indication that they are wanted by the Excise Department. Where there is spontaneous growth of date, in any special tract, cattle grazing must cease and the natural reproduction promoted by the best practicable means. All tract reserved as date groves, should, therefore, be excluded in future from hulbanni sales, but applications for cutting and removing grass therefrom may be entertained. Wherever appreciable empty spaces fit for cultivation exist in date groves, or tracts, and there is demand for land for cultivation, such empty spaces may be subdivided as far as possible and made available for cultivation. If there are any groves which have been given away for permanent assessment, as in the case dealt with by the Sub-Division Magistrate of Closepet, it behoves both the Revenue and Excise officials to see that the terms of the grant are not in any manner violated.

2. The next point for consideration is whether it is not desirable that some definite rule should be laid down as regards (1) the liability of a raiyat holding under a conditional grant, to conserve the seedlings and to facilitate their growth, and (2) the penalty to be levied from him for the infringement of the conditions of the grant. In coming to a decision upon this question, the following points will have to be considered :—

i. Can such a liability be as extensive as that attaching to an occupant of lands on which there are sandal trees which he has no right to interfere with, whether they existed at the time of the grant of occupancy or come into existence at some subsequent time.

ii. Does the infringement of the conditions render the holding liable to be forfeited and the occupant liable to be evicted.

The Superintendent of Revenue Survey, the Excise Commissioner and the Deputy Commissioners of districts are requested to consider the subject at full length and submit their opinions as early as possible for the final orders of Government.

No. 4711-18—R. F. 19-96, DATED, BANGALORE, 25TH NOVEMBER 1896.

ORDER THEREON.—As recommended by the Deputy Commissioner in the communication read above the sum of Rs. 37-8-4, as noted on the margin, is sanctioned to be written off the accounts with the observation that the explanation now furnished is inconsistent with the remark entered in the remission statement, and that if the latter is correct, the resumption of building sites in cases Nos. 3 to 12 is not quite in accordance with the spirit of Government Proceedings No. 16919-27—R. 1699, dated 6th April 1894, which authorizes such resumption only in cases in which the present occupants refuse to pay the assessment charged on the lands and not in cases in which the defaulters' whereabouts are unknown, or when there is no means of recovering the arrears. In cases of the latter kind it is necessary, as already laid down in para 25 of Government Proceedings No. 6582-90—Cir. 136, dated 2nd September 1890, that the sites should be sold to give the Government an indefeasible right to the property.

No. 4780-87—R. 1659, DATED, BANGALORE, 26TH NOVEMBER 1896.

ORDER THEREON.—The sale of the land by the shanbhog being an unauthorized transaction it must be cancelled, and the building of houses thereon should be prohibited. The question of extending the village site will be separately considered when there is a proper representation about it from the villagers as at present no great urgency has been made out and it is inexpedient to condone the illegal transaction in question.

READ THE FOLLOWING :—

Letter No. 1580—404, dated the 25th October 1895, from the Deputy Commissioner of the Kolar district.

I have the honor to state that when applications for the subdivision of mixed survey fields in which Government unoccupied dry, wet and garden lands are clubbed together are received, a reference to the "Utar Tippani Book" kept in the Survey Department becomes indispensably necessary in order to find out the position of the particular class of land of which a subdivision is applied for, as this information is not ascertainable either locally or from any of the records available in the taluk offices.

2. To illustrate what I mean: A applies for a bit of 1 acre out of the wet or garden portion of Government unoccupied survey field No. 50 whose extent as recorded in the accounts is 5 acres dry, 3 acres wet and 2 acres garden, as per classification by the Survey Department. Neither the taluk nor village officials have any record or map to show the positions and limits of the several descriptions of land included in the field, but the Tippani Book of the Survey Department furnishes this information without which the work of subdividing the number cannot proceed.

3. A few cases of the kind having arisen the Survey Superintendent was applied to for the Tippani Book or an extract therefrom, but that Officer informs that the same cannot be furnished and that the party in need of the record may obtain a copy on payment of fees therefor.

4. As applicants for the subdivision of unoccupied survey fields cannot be sure of becoming the purchasers when the subdivided lands are sold by public auction under the rules they would not be willing to pay the cost of obtaining extracts from the Tippani Book.

5. The information being required by the taluk officers for a public purpose, the original Tippani Book or an extract therefrom should, I think, be furnished for needful reference whenever an application is made for the same.

6. I solicit the favor of early instructions in the matter. A file of vernacular correspondence as per margin bearing on the subject is herewith submitted for reference and obliging return when no longer required.

Survey Superintendent's Yadi No. 4890, dated 10th October 1895, with three enclosures.
Chikballapur Sub-Division Officer's Yadi No. 195, dated 8th October 1895, with five enclosures.

ALSO :—

Letter No. 647, dated 7th November 1895, from the Superintendent of Revenue Survey in Mysore.

I have the honor to acknowledge receipt of your docket No. 4266—1664, dated 2nd instant, in which I am asked to state why the original "Utar Tippani Book" required by the Deputy Commissioner of Kolar should not be sent to him when required for Government purposes.

2. The expression "Utar Tippani Book" appears to be indiscriminately used, and may mean either the "Measurer's Field Book" or the "Classer's Field Book". Both these books, as being the sole original record and basis of the respective operations, are never allowed to leave the safe custody of the head-quarter office excepting on urgent cause, and then only under the control and responsibility of an officer of the department.

3. In the present instance the Deputy Commissioner evidently refers to the Classer's Field Book.

4. The object with which the Classer's Book is now requisitioned is not with reference, so far as the vernacular correspondence shows, to any case which has actually occurred, but with reference to cases which may occur, of waste assessed survey numbers containing two or more of the various descriptions of land recognized by the Survey, *viz.*, dry, wet and garden, being required for cultivation and at the same time requiring to be subdivided under Land Revenue Rule XXVII. It appeared to me likely that the Classer's Books would not be readily understood by the Revenue Officers, and that in some cases, as for instance in the case of lands under wells which, there being other land in the numbers, are constantly changing in extent as well as in position, the assessment being practically on the capacity of the well, there would likely be some confusion. I knew moreover that a revision of the provisions of Land Revenue Rule XXVII was under the consideration of Government and that it would be inadvisable to start an innovation of practice, by the aid of classing data, when a change of rule was imminent, more especially in the case of mixed numbers such as those under reference the subdivision of which under Land Revenue Rules is, as was shown in some instances, brought up at the last Dasara Assembly, very likely to disturb existing rights as regards wells.

5. A far simpler plan, if it is really necessary that the Deputy Commissioner should know existing classification limits, so to speak, will be for him to make his subdivision of the survey number concerned and send his plan for verification from the classing papers which I will myself examine. If, however, Government so directs I will of course prepare copies of the classification books for transmission to the Deputy Commissioner for the few cases likely to arise, but the plan I have suggested is in my opinion the better one.

No. 4819-27—R. 1670, DATED, BANGALORE, 26TH NOVEMBER 1896.

ORDER THEREON.—Government concur with the Superintendent of Revenue Survey in his views that it is objectionable to send out the field books of Classers and Measurers. In urgent cases where they are wanted by Deputy Commissioners, a copy or extract should be made and sent by the Survey Superintendent. If such requisitions are made at the instance of any party in connection with any proceeding in which such party is concerned he ought to be made to bear the cost of such transcription. Rule XXVII of the Land Revenue Rules requires a slight modification so far as it refers to the subdivision of a mixed number. The classification of a land when dependent on a well becomes complicated and technical and it is best that such subdivision should, in the interests of all concerned, undergo the scrutiny and supervision of the Survey Superintendent. It is accordingly ordered that all such cases should be sent for the approval of that Officer before the subdivision is finally carried out. The following proviso will be added to para 1 of Rule XXVII of the Mysore Land Revenue Rules—

"Provided that, if a survey number comprises both dry and wet lands or dry, "wet and garden lands, any subdivision made under these rules will not be carried "out unless approved by the Superintendent of Revenue Survey, to whom every "such case should be reported with the measurement record".

A Notification regarding this modification will be published in the Official Gazette.

The following demand, collection and balance statements received from the several districts of the province for the twelve months ending 30th June 1896 :—

No. 4. Land Revenue proper.
No. 5. Casual Land Revenue.
No. 8. Assessed taxes, &c.
No. 9. Miscellaneous collections.

No. 4753-61—R. 1651, DATED, BANGALORE, 26TH NOVEMBER 1896.

ORDER THEREON.—The subjoined table A exhibits the demand, collection and balance under the heads "Land Revenue," "Sayer," "Salt," "Mohatarfa" and "Miscellaneous" items of revenue, in the several districts of the province for the twelve months of the year 1895-96 as compared with the figures for the corresponding period of the previous year (1894-95).

2. The net land revenue demand of the several districts, exclusive of arrears at the beginning of the year, for the years 1894-95 and 1895-96 was as follows :—

Districts.	1894-95.	1895-96.
Bangalore	11,93,791	11,98,294
Kolar	12,98,174	13,08,719
Tumkur	12,51,509	12,91,157
Mysore	17,40,462	17,55,604
Hassan	12,16,871	12,28,504
Shimoga	13,27,850	13,46,180
Kadur	8,64,870	9,23,750
Chitaldrug	6,62,779	6,91,052
Total ...	95,86,306	97,43,260

3. It will be observed from Statement A that the closing balance under "Land Revenue" was less than what it was on 30th June 1895, showing in the result a larger collection in the year 1895-96 than in the year preceding. The districts of Mysore and Hassan show the best results. The Salvar details of balance at the end of June 1896, in the several districts, were as shown in subjoined Statement B, and range from the year 1875-76 to 1895-96. The districts of Hassan and Kolar have got the oldest balances. These old arrears should be promptly collected, or recommended for remission, if irrecoverable. In the returns of the Mysore district for June 1896 the balances shown for the years 1881-82, 1884-85 and 1885-86 are larger than those shown on account of those years in the return for June 1895, as per details given below. This discrepancy requires explanation :—

	1881-82.	1884-85.	1885-86.
June 1895	124 7 8	297 9 2	270 1 7
June 1896	162 15 2	301 11 7	288 1 6
Difference	38 7 6	1 2 5	17 15 11

4. The ratio of balance to the entire demand was as follows:—

District.	1894-95.	1895-96.
Shimoga	8·3 per cent.	10·2 per cent.
Mysore	11·1.	8·5
Kadur	3·8	4·7
Hassan	6·2	3·9
Kolar	2·5	2·9
Bangalore	1·4	2·09
Tumkur	·4	·8
Chitaldrug	·3	·4

While Mysore and Hassan show a decrease in the balance at the end of the year 1895-96, all the other districts show a slight increase, and Shimoga heads the latter with rise of nearly two per cent.

5. The collections shown by the Deputy Commissioners in the following districts differ from those exhibited by the Comptroller, in the statements of ten days Land Revenue collections, to the extent noted below. The Deputy Commissioners concerned are therefore requested to report in communication with the Comptroller as to which of the figures are correct.

Districts.	As per Deputy Commissioner's return.	As per Comptroller's return.	Difference.
Bangalore	11,89,801	11,89,393	+408
Hassan	12,54,511	12,54,382	+129
Mysore	18,05,231	18,05,267	—36
Kolar	12,99,597	12,99,628	—31
Shimoga	13,10,715	13,10,717	— 2

6. The total demand and collection for 1895-96, as per monthly returns, under the heads "Land Revenue," "Mohatarfa," and "Miscellaneous" do not tally with the figures given in the annual returns submitted by the Deputy Commissioners, although there is no difference in the balance at the close of the year. The discrepancies are exhibited in Table C subjoined. As the returns for June are submitted after the annual accounts have been rendered to this office, there is no reason why such discrepancies should exist in these two sets of accounts for one and the same period. The Deputy Commissioners of districts, except Tumkur, are requested to report which of the returns are correct.

7. The balance of Rs. 15,462 and Rs. 14,259 left uncollected under the head "Miscellaneous" in the Shimoga and Mysore districts is heavy. The Deputy Commissioners are requested to report for the information of Government what items this balance consists of and why they remain unrealized.

EXCISE.

Proceedings of the Government of Mysore, Excise, dated 5th November 1896.

READ —

Letter No. 4517—487, dated 8th May 1896, from the Excise Commissioner in Mysore, requesting that Government Proceedings No 95-96, Camp, dated 11th April 1896, may be modified by exempting such shops for the retail vend of opium as are sold by auction from liability to pay license fees inasmuch as the amount of the highest bid is itself the license fee, and any additional license fee would be both redundant and opposed to the analogy of the major heads of Excise revenue.

No. 4209-10—R. F. 120-93, DATED, BANGALORE, 5TH NOVEMBER 1896.

ORDER THEREON.—For reasons now explained by the Excise Commissioner, the Government are pleased to direct that the following sentence be omitted from para 1 of Government Proceedings Camp No. 95-96 of the 11th April 1896. "Purchasers at such sales will not, however, be exempted from payment "of license fees."

C SREENIVASIENGAR,
Secy to Govt., Gen. & Rev. Depts.

To —The Excise Commissioner in Mysore.
The Comptroller to the Mysore Government

With reference to Government Proceedings No. 10858-9—P. 2136 of the 15th June 1896, directing that early steps be taken to have the remaining 29 acres and 16 guntas added on to the area of the Mattavar Sandal Reserve for being duly gazetted as a State Forest, and also with reference to Secretary's docket No. 4396—277 of the 5th November 1895, I have the honor to submit for approval and publication in three consecutive issues of the *Mysore Gazette* a Notification specifying the boundaries of the reserve in question covering an area of 146 acres, which is made up of 116 acres and 24 guntas of S No 93 of Mattavar village and 29 acres and 16 guntas of S. No. 3 of Dambadahalli village, and to request that the Superintendent of the Press may be instructed to furnish me with 50 copies of the said Notification.

2. I beg to add that out of 146 acres the total area of the reserve 123 acres having already been stocked, the remaining 23 acres have now to be added on and brought under sandal planting.

No. 4180—Ft. F. 39 95, DATED, BANGALORE, 1ST NOVEMBER 1896.

ORDER THEREON —In continuation of Government Proceedings No 2573—Ft. 140, dated 4th September 1895, the Government are pleased to direct that a Notification as hereunder be published in the *Mysore Gazette.*

2. The Conservator of Forests will arrange for the proclamation of the demarcation and boundaries of the plantation being made in the taluk where the plantation is situated as required by Section 9 of the Forest Rules of 1878

The following letter No. 1423—94, dated the 28th September 1896, from Colonel I. Campbell Walker, Conservator of Forests in Mysore, to the Deputy Commissioner, Kolar district.

Referring to Subject No. 228 of the Dasara Representative Assembly Proceedings of 1895, I have the honor to request that you will intimate to the parties, who made the representation, that the Kolar people are really much better off with regard to seigniorage rates for "timber and other building materials" than the inhabitants of the adjoining British districts. It is true that there is a Rs. 1-4-0 rate per cart-load of unreserved and unclassified timber in the Madras districts which is raised by 50 per cent, *i. e.*, to Rs. 1-14-0 if the wood is squared or brought before removal. But there are no less than twenty-four reserved trees and at least as many classified in each district, the former not obtainable on seigniorage at all and the latter at rates varying from Rs. 7-8-0 to Rs. 2-8-0 per cart-load of 25 cubic feet un-squared. The Rs 1-4-0 rate is, or was when I left the Madras Presidency, really only applicable to green firewood or jungle wood posts of the worst and roughest descriptions which must be brought out even without the removal of the bark, or the rate is raised to Rs. 1-14-0. The seigniorage in Kolar for unreserved timber which includes all but twelve reserved descriptions is Rs. 3-3-0 for traders and Rs. 1-1-0 for raiyats, including local cess, no extra charge being made for squared logs and the quantity of a cart-load being indefinite.

Memo No. 1424—130, dated the 3rd October 1896, from the Conservator of Forests in Mysore.

Copy forwarded to the Secretary to Government, General and Revenue Departments, for information with reference to Official Memorandum No. 2899—Mis. 501 of 29th August last.

Letter No. 1426—131, dated the 30th September 1896, from the Conservator of Forests in Mysore.

Referring to your Official Memorandum No. 2909—Mis. 511 of the 29th August last, I have the honor to state that I find from my office records that the Kudrekanve State Forest in the Huliyar sub-taluk of the Tumkur district was constituted and notified in June 1893, after some correspondence and regular enquiry into the requirements of the neighbouring villages and settlement agreeably to the recommendations of the then Deputy Commissioner Mr. Venkatavaradaiengar.

2. The villagers did not apparently object to the reservation at the time nor could they have done so with any good grounds as none of their gomal lands were included, the tract reserved having originally been an Amrat Mahal kaval subsequently transferred to the Revenue Department. Mr. Ricketts appears to have thought at the time that more lands should have been reserved, but apparently refrained from pressing his views in deference to the wishes of the Revenue authorities.

3. About a year afterwards, the villagers, finding that the Conservancy Rules of the department restricted the free and indiscriminate grazing of their cattle, applied to the Deputy Commissioner offering to take up the whole area of the forest on "hulbanni tenure" at 2 annas per acre. The Deputy Commissioner was inclined to support their application. But when the matter came up to Mr. Ricketts, he pointed out the unreasonableness of the application and declined to give back the reserved area.

4. Thus the subject matter of the complaints of the villagers has been fully considered and disposed of so far back as October 1894: and I, therefore, do not consider it necessary or expedient to re-open it, especially as I had no complaints when in the neighbourhood last February.

ORDER THEREON.—Recorded and communicated to the Deputy Commissioner of Tumkur for intimation to the Representative Members concerned.

READ THE FOLLOWING PAPERS :—

On the subject of issuing licenses to traders to cut timber and fuel in district jungles.

(1). Extract from Proceedings of the Dasara Representative Assembly held in October 1894.

Subject No. 57.—*Cutting timber and fuel in district jungles for trade.*

Summary of discussion.—Licenses should not be granted to traders to cut timber and fuel in district jungles. They work for their own gain and soon denude the forest. The raiyats will then be left without a jungle to get timber for their domestic and agricultural purposes.

Dewan's Reply.—Deputy Commissioners will be called upon to report whether owing to paucity of jungles, traders should be excluded in the manner suggested. Where Deputy Commissioners recommend, they can be excluded.

(2). *Letter No.* 716—72, *dated* 14*th September* 1895, *from the Inspector General of Forests in Mysore.*

With reference to your No. 2918—Ft. 159, dated 6th instant, calling for my opinion on Dasara Subject No. 57 "Cutting timber and fuel in district jungles for trade," I have the honor to state that the question is one of a general nature involving the interests of not only traders in those articles, but also of the public at large. It is undoubtedly inexpedient to grant licenses to cut wood or fuel in localities where there are small patches of District Forest capable of meeting only the wants of the population in the vicinity or at most, the taluk kasba to which the forest may be said to belong. Such patches of District Forest are often allotted to the villagers for their *bonâ fide* use, and should hereafter be maintained as Village Forests.

2. I have no hesitation to say that a great havoc is being caused by license-holders, and it has even affected our depôt transactions. I have in consequence invited the opinion of Deputy Commissioners as to whether paid licenses may not be stopped under para III of Government Notification No. 198, dated 21st September 1889. This measure would only mend matters in districts or parts of districts which have depôts at present. But the license system, though destructive, will yet have to be continued in districts or parts of districts where we have no depôts, and the wants of the public cannot otherwise be met than by issuing licenses as hitherto. The traders must therefore continue to get licenses, and this may be restricted to the forests not allotted to village communities for their exclusive use. At present, such allotments have not been made in several places, and owing to this, neither raiyats nor traders can be held responsible for the destruction of jungles. There is no prospect of this important work being done expeditiously and satisfactorily unless a Revenue Officer is specially deputed for it in each district and to form Village Forests on the lines set out by Mr. Thumboo Chetty in his note on the proposed amendment of Forest Rules and the subsidiary instructions I have issued. (*Vide* enclosure to my letter No. 717—73 of the 14th instant to your address.) When this is effected, the traders' fellings, either for timber or fuel, can be located in the District Forests (to be hereafter called Protected Forests and Fuel Reserves) with which the raiyats will have no concern.

3. I shall enlarge on this subject, if necessary, when I am in possession of the views of the Deputy Commissioners.

(3). *Docket No.* 227, *dated* 13*th September* 1895, *from the Deputy Commissioner, Kadur district.*

Adverting to his Memo No. 2910-17—Ft. 158, dated 6th instant, calling for report, through the Inspector General of Forests, on Subject No. 57 of the Dasara Representative Assembly Proceedings of 1894 regarding "Cutting timber and fuel in district jungles for trade," has the honor to report that, as stated in this office No. 662, dated 31st May 1895, to the Inspector General of Forests, orders have been issued to the Amildars of the Chiknagalur, Kadur and Tarikere taluks in which depôts exist, to stop all paid licenses for timber in District Forests, referring the applicants to depôts for purchase of such articles.

(4). *Letter No.* 434, *dated 2nd October* 1895, *from the Deputy Commissioner, Mysore district.*

With reference to your Official Memorandum No. 2910-17—Ft. 158, dated the 6th September 1895, directing attention to Subject No. 57 of the Representative Assembly of 1894 and calling for a report through the Inspector General of Forests, if, as proposed by the Representatives, the issue of licenses to traders for cutting and removing timber and fuel in district jungles may be discontinued to save the jungles from being denuded and the raiyats from falling short of their customary supply of timber and fuel for their domestic and agricultural purposes, I have the honor to state that when there is the risk of the jungles being overworked to the extent referred to, the issue of licenses will be stopped for a time.

(5). *Letter No.* 764—44, *dated 27th September* 1895, *from the Deputy Commissioner, Shimoga district.*

In forwarding herewith copies of correspondence as per margin on the subject of traders cutting and removing timber or fuel from the district jungles, I have the honor to state that I am of opinion that there is no necessity at present to alter the rule in force.

From Revenue Secretary's Official Memo No. 2910-17—Ft. 158, dated 6th September 1895.
From Sub-Division Officer, Sagar, No. 92, dated 14th September 1895.
From Deputy Conservator of Forests, No. 198, dated 25th July 1895.

(6). *Docket No.* 137—47, *dated 20th September* 1895, *from the Deputy Commissioner, Chitaldrug district.*

With reference to Subject No. 57 mooted at the meeting of the Dasara Representative Assembly in 1894, and to Memo No. 2910-17—Ft. 158, dated 6th instant, has the honor to state that very few licenses are issued to traders to fell trees in District Forests of this district for timber and in the interest of the forests and of raiyats, it may be stopped altogether. The same restriction cannot be placed upon the issue of licenses for felling trees for firewood. Care is now taken to prevent undue felling for this purpose.

(7). *Letter No.* 381, *dated 22nd October* 1895, *from the Deputy Commissioner, Tumkur district.*

In reply to your Official Memorandum No. 2910-17—Ft. 158, dated the 6th ultimo, calling for opinion in regard to the proposal not to grant licenses to traders for cutting timber and fuel in district jungles, I have the honor to state that in District Forests no licenses are issued for cutting and removing teak trees. With regard to other kinds, it is only in rare cases that licenses are issued for felling and removing timber for the purpose of trade. When they are issued, licensees take care to select only mature trees, since immature ones will not readily find sale, and if kept for any length of time, are liable to be attacked by insects and rot. The removal of such mature trees is very necessary for the good growth of younger ones.

2. As regards removal of firewood by traders from district jungles, the rules in force require the collection of only dead, dry and unsound trees and there is therefore no reason to apprehend that the jungle would be denuded by the removal of such wood. If the issue of licenses to traders were prohibited, trade would be discouraged and the result might prove inconvenient to the purchasing public.

(8). *Letter No.* 1198—298, *dated 24th September* 1895, *from the Deputy Commissioner, Kolar district.*

With reference to the Revenue Secretary's Official Memorandum No. 2910-17 —Ft. 158, dated 6th instant, requesting the submission through you of a report regarding Subject No. 57 "Cutting timber and fuel in district jungles for trade," of the Dasara Representative Assembly Proceedings of 1894, I have the honor to state that looking to the extreme paucity of timber trees in the district jungles of this district there can in my opinion be no objection to excluding traders from such jungles in respect of timber, but traders in fuel may be allowed to draw a limited supply each time from the district jungles for sale to consumers within the district, provided that no part of it is sold by them directly or indirectly to the Gold Mining or Railway Companies. The latter proposal is made with a view to prevent any possible hardship to the people who cannot conveniently bring their own fuel direct from the jungles but buy the same from petty dealers in the articles.

(9). *Docket No.* 1911—194, *dated* 13*th December* 1895, *from the Conservator of Forests in Mysore, with enclosure.*

His docket No. 4154—Ft. 259, dated 30th October last.

With reference to the above, has the honor to forward the reports received from the Deputy Commissioners of Kolar, Tumkur, Chitaldrug, Shimoga and Mysore, together with his note on the subject, and to state that the reports due from Bangalore and Hassan will be transmitted as soon as they are received. Reminders for the same have been sent.

ENCLOSURE.

NOTE.—*Re Dasara Subject No.* 57.—Issue of licenses to traders in District Forests.

With regard to the issue of licenses to traders to fell (1) timber and (2) firewood in District Forests, I concur in Mr. Ricketts' views as expressed in his letter No. 716—72 of 14th September and circular of 12th February 1895, and am strongly of opinion that every endeavour should be made to restrict and eventually abolish the license system generally as it is inimical to any thing like proper forest conservancy and a fruitful source of denudation and fraud, substituting departmental felling and depôts where we have sufficient agency and demand, and felling by contractors or middle men under some supervision where we have not. In cases where neither of the above courses are feasible, I would restrict the issue of licenses for (1) timber trees to very special cases, *e. g.*, where the requirements are undoubted and the trees are available without curtailing the privileges of the villagers and provide that such licenses be issued only by the Deputy Commissioner himself (with the advice when possible of his District Forest Officer), that the number and description of trees and their exact situation be specified and the time for felling and removal restricted. Whenever possible the trees to be felled should be marked and in all cases the removal checked by some responsible Revenue Officer and license recovered and returned to the Deputy Commissioner on the date of expiration.

In the case of (2) firewood, such restrictions may not be practicable or expedient, but I would prescribe that the necessity be clearly established and instead of issuing licenses for so many cart-loads or for dead trees or wood which is merely an opening for fraud, set apart an area or areas varying in extent according to the requirements and selected so as to interfere as little as possible with the privileges of the villagers and allow them to be felled clean after which they should be closed for rest and reproduction and others opened in rotation. This may be difficult in the absence of special establishments but should not be impossible and is, experience teaches, the way to work the license or seigniorage system for firewood with the least detriment to the forests or jungles. I submit reports on the subject from the Deputy Commissioners, marginally noted, received since Mr. Ricketts wrote, with an abstract of their opinions. The Kadur Deputy Commissioner's report was submitted with Inspector General's docket No. 867—39 of 27th September, and those from the Bangalore and Hassan Deputy Commissioners are awaited.

(10). *Docket No.* 136—*Ft., dated* 16*th February* 1896, *from the Deputy Commissioner, Hassan district.*

With reference to the Revenue Secretary's Official Memorandum No. 2910-17—Ft. 158, dated the 6th September last, and subsequent reminders from the Conservator of Forests ending with his No. 2341—80, dated 22nd ultimo, calling for opinion as to cutting timber and fuel in the district jungles for trade, has the honor to state that a general prohibition of traders felling timber and firewood in district jungles is inexpedient, for, besides the agricultural population there are other classes of people whose timber and fuel requirements are being supplied by traders alone; near most of the towns there are few or no State Forests and the supply of the above articles has to be obtained only from the District Forests and that through traders. If any small jungle tracts adjoining any village be about to be demanded by timber and firewood dealers to the detriment of supply to the village itself, such cases may be dealt with specially.

(11). *Letter No.* 497, *dated* 27*th May* 1896, *from the Deputy Commissioner, Bangalore district.*

In reply to your communications noted on the margin, I have the honor to state that the proposal made in the Dasara Assembly of 1894 to the effect that traders should not be licensed to cut timber in District Forests has my concurrence. Nearly all the required valuable timber is now cut and sold by the Forest Department, and the demands of the public in this matter will be sufficiently met thereby. State Forests may also be worked by the department to supply the timber market from time to time.

Do 2340—153, dated 22nd January 1896.
Do 3104—199, dated 29th March 1896.

2. I would not however extend the exclusion of fuel especially in the neighbourhood of large towns, the fuel supplies thereof depend on a large measure on the enterprise of fuel dealers, but reckless destruction may be prevented by a stricter and more careful watching on the part of the department. Where unnecessary or injurious denudation is feared, it is easy to withhold the licenses.

No. 4957-65—Ft. F. 27-96, DATED, BANGALORE, 25TH NOVEMBER 1896.

ORDER THEREON.—The Government concur generally in the views expressed by the Conservator of Forests, but at the same time deem it inexpedient to lay down rules which would admit of general application to all places alike.

2. Where, however, there is a paucity of jungles, and where Government depôts exist within convenient distances, it is open to the local authorities to decline to issue licenses for cutting and removing timber and firewood for purposes of trade. In exercising this discretion it must be borne in mind that the object of the restriction is not to hamper trade or cause any unnecessary inconvenience to the non-agricultural classes, but to conserve the interests of the raiyats as far as possible by preventing the over-working and denudation of small and ill-stocked jungles. In giving effect to this order, due regard must be had to the special conditions and requirements of each particular locality. The Conservator of Forests will be good enough to issue detailed instructions accordingly in communication with the Deputy Commissioners of the several districts concerned.

Correspondence ending with letter No. 765, dated 30th October 1896, from the Deputy Commissioner, Mysore district, regarding the establishment of an Agricultural Bank at Kaggala in the Gundlupet taluk.

No. 4735-37—R. F. 114-95, DATED, BANGALORE, 24TH NOVEMBER 1896.

ORDER THEREON.—Nanjegauda and eleven others apply for the establishment of an Agricultural Bank at Kaggala in the Gundlupet taluk. The Bank is intended for the benefit of Kaggala and four other villages situated in close proximity to one another. The value of the property owned by the members is estimated at Rs. 28,635, with an encumbrance of Rs. 3,700. The members propose to start the Bank with a capital of Rs. 12,000, but the Deputy Commissioner recommends the grant of an advance of Rs. 10,000. Under these circumstances, Government are pleased to sanction an advance of Rs. 10,000 which the Deputy Commissioner will place in the Gundlupet taluk treasury for the purpose of being drawn as necessity arises. Interest at 4 per cent per annum should be recovered half yearly from the Bank up to 30th June and 31st December of each year, on the sums actually borrowed by the Bank. The Memorandum and Articles of Association referred to above will be forwarded to the Registrar of Joint Stock Companies. The extract from the taluk map submitted by the Deputy Commissioner should have been prepared in ink instead of in pencil.

No. 4940-41—R. F. 113-95, DATED, BANGALORE, 30TH NOVEMBER 1896.

ORDER THEREON.—With the above letter the Deputy Commissioner submits the Memorandum and Articles of Association of the proposed Agricultural Bank at Kadagathur in the Maddagiri taluk.

2. Venkata Rao and 27 others propose to establish the Bank for the benefit of Kadagathur and eight other villages. The members own A. 1,392 G. 27 of land, of which A. 375 G. 38 are inam, and the aggregate value of which is stated to be Rs. 39,295 with a liability of Rs. 560.

3. The members propose to start the Bank with a capital of Rs. 15,000, but the Deputy Commissioner recommends the advance of Rs. 10,000 from Government.

4. Government are, therefore, pleased to accord their sanction to an advance of Rs. 10,000 being made to the Agricultural Bank at Kadagathur, and to authorize the Deputy Commissioner to place the said amount for the purpose in the Maddagiri taluk. Interest must be recovered from the Bank half yearly up to 30th June and 31st December of each year at 4 per cent per annum on the sums actually borrowed by the Bank.

5. The Memorandum and Articles of Association submitted by the Deputy Commissioner with the public service transfer receipt for Rs. 1-8-0, being the prescribed registration fee, will be forwarded to the Registrar of Joint Stock Companies for registration.

6. In the extract from the taluk map submitted by the Deputy Commissioner, only the villages to be benefited by the Bank should have been inserted in accordance with the Government Proceedings No. 3476-84—R. F. 116-95, dated 28th September 1896, instead of several other villages that have no connection whatever with the Bank proposed to be established at Kadagathur. The Deputy Commissioner is, therefore, requested to submit a correct extract from the taluk map for record in this office.

Read correspondence ending with letter No. 70, dated 20th July 1896, from the Deputy Commissioner, Tumkur district, submitting the vernacular record together with the reports called for in the case.

No. 4932-39—Pet. 817, dated, Bangalore, 30th November 1896.

Order thereon.—In June 1893, shanbhog Gundappa applied for permission to convert his dry lands, Survey Nos. 49 and 50 of Wadavanghatta, into wet with the aid of the water of the village tank. After necessary enquiry the rate was fixed at Rs. 3-12-0 per acre, which the applicant stated he would pay from the year 1894-95. His darkhast for 1893-94 was accordingly cancelled, and he was told to renew his application for 1894-95. Gundappa renewed his application, but before it could be disposed of he died. The petitioner, who is the guardian of the widow of the deceased and his minor son, agreeing to pay the water-rate and executing a muchalika on 9th December 1894 to that effect, the Deputy Commissioner imposed a water-rate of Rs. 3-2-0 per acre, and it was duly paid in 1894-95. On the 6th October 1895 petitioner applied for remission of the water-rate on the ground that the tank was incapable of irrigating the fields in question. The Deputy Commissioner passed an order declining to remit the rate imposed at petitioner's own instance, and the appeal is against this order.

2. The Government observe that the muchalika executed in this case does not state whether the imposition of the water-rate has been agreed to as a temporary or permanent arrangement. This stipulation ought to be expressly specified in every muchalika that may be taken in cases falling under Section XIX of the Land Revenue Rules. In the present case the interest of a minor is involved, and the water of the tank does not seem to have been beneficially utilized in any year.

3. Under the foregoing circumstances the Government direct that the water-rate for one year be recovered, the petitioner's razinama being accepted for the subsequent years and the water-rate remitted for those years.

Proceedings of the Government of Mysore,

READ :—

(1) Note by Colonel C. Bowen, Chief Engineer and Secretary to the Government of Mysore, Public Works Department, dated 14th October 1896, on the sub-division of the Province into two circles, and the appointment of two Superintending Engineers for the same.

(2) Memo by the Dewan of Mysore, dated 6th November 1896, on the above.

(3) Extract from the Proceedings of the Meeting of the Council, dated Wednesday the 11th November 1896, passing the following Resolution :—

"When effect comes to be given to the Orders of Government dividing the Province into two circles of superintendence for Public Works Department purposes, an Assistant Secretary to the Government in the D. P. W. will be appointed. This Officer will ordinarily belong to the class of Executive Engineers (Local Establishment) with the pay of his grade. Under present circumstances, however, Mr. J. J. Whiteley will be appointed Assistant Secretary, D. P. W., on his present pay and allowances."

No. 881-914—6041-6074, DATED, BANGALORE, 20TH NOVEMBER 1896.

ORDER THEREON.—In order to strengthen the administrative branch of the Public Works Department and to afford better control over expenditure, with more frequent and effective inspections of works in progress as well as more thorough scrutiny of projects under preparation, Government have resolved to subdivide the Province, as a tentative measure, subject to revision hereafter, into two Public Works circles of superintendence under the orders of the Chief Engineer.

2. The charge of each circle will be held by a Superintending Engineer, who will direct, inspect, and control all the executive operations within his circle, and whose powers, duties, and responsibilities will be as defined in Chapter III of Public Works Department Code, subject to such enlargements or amendments as may be found in course of time desirable.

3. The two circles now to be formed will be styled the "Western" and "Eastern"; the exact boundaries of each will be hereafter defined, but for the present, the Eastern Circle, which will be in charge of Mr. R. T. Scaldwell, will comprise the Kolar, Bangalore, Tumkur and Chitaldrug divisions, with head-quarters at Bangalore. The other or Western Circle will comprise the remainder of the Province with head-quarters at Mysore.

4. Under this order, the following appointments are notified to have effect as noted below :—

(1) Mr. W. McHutchin, Executive Engineer, 1st Grade, on Imperial list, to be Superintending Engineer, Western Circle (salary as regulated by Resolution of Government of India No. 441 G., dated 20th March 1885).

(2) Mr. R. T. Scaldwell, Executive Engineer, 1st Grade, Local list, to be Superintending Engineer, Eastern Circle (salary Rs. 1,000 with travelling allowance of that rank as per Public Works Department Code).

Mr. McHutchin's appointment to have effect from date of his return from furlough, and Mr. Scaldwell's from date of completion of works in the Hessarghatta division of which he now holds executive charge.

(3) Mr. J. J. Whiteley to be Assistant Chief Engineer and Assistant Secretary to the Government of Mysore in the Public Works Department on his present pay and allowances.

READ :—

(1) Government Proceedings No. 5375-86—878-89, dated 12th December 1892, para 1, laying down that the Sanitary Engineer's work should be confined to developing effective measures for the sanitation of all the more populous towns, and of designing and carrying out works of water-supply and drainage; and that he should also examine all estimates submitted by municipalities and exercise general control over all works carried out by them.

(2) Public Works Secretary's Note, dated 23rd May 1896, bringing to notice that the concluding clause of the above order has resulted in indents having been made on the Sanitary Engineer for all sorts of minor jobs—some of them hardly sanitary works at all—and recommending that that portion of the order might be withdrawn, and the municipalities instructed to seek Mr. Standish Lee's advice and assistance regarding only major projects of importance and strictly sanitary,—also that the execution of ordinary sanitary works be left to the regular Public Works Divisional staff, excepting those of a technical character.

No. 944-69—6214-39, DATED, BANGALORE, 26TH NOVEMBER 1896.

ORDER THEREON.—The concluding portion of para 1 of the Order of Government, Proceedings No. 5375-86—878-89, dated 12th December 1892, is now withdrawn, and Mr. Standish Lee's duties will be restricted as proposed in Public Works Secretary's Note quoted above.

II. The ordinary Divisional staff will have charge of the actual execution of sanitary works, except those of a technical character, for executing which the Sanitary Department staff is specially competent. The Sanitary Engineer will have the "superintendence" of sanitary works executed by the ordinary Public Works Department staff, will inspect them regularly, and will be responsible for their efficient execution and satisfactory working.

10	665	13	Secy., Rev. & Gen. Depts.	Transferring for disposal letter No. 305--122, dated 10th ultimo, and its enclosures received from the Deputy Commissioner, Chitaldrug district, requesting to obtain sanction of Government for payment of compensation, *viz.*, Rs. 48-2-0, due to one Govindappa of Harihar on account of his lands taken up by the Southern Mahratta Railway Company for the construction of an Assistant Engineer's bangalo, &c., at Harihar.
11	678	14	Dy.Comr., Shimoga.	Requesting that a certain building at Shimoga belonging to the Revenue Department may be placed temporarily at the disposal of the Executive Engineer, Birur-Shimoga Railway, for accommodating his staff.
12	680	14	Secy., Rev. & Gen. Depts.	Forwarding for information a copy of Resolution No. 2589, dated 21st October 1896, of the Government of Bombay in the P. W. (Railway) Department, cancelling orders sanctioning the entertainment of a temporary survey party to re-measure all lands from Harihar to Gubbi.
13	681	14	Dt. Engr., S.M.Ry., Mysore Dt.	Asking for his opinion as to whether fencing the railway line from Kadakola up to the level crossing gate at Nachanahalli on the Mysore-Nanjangud extension of the Mysore State Railway is an immediate necessity.
14	692	17	First Asst.to Resdt.	Intimating the approval of the Durbar to the estimate amounting to Rs. 71,643 for capital works already done and to be done on the Dodballapur frontier section of the Bangalore-Hindupur Railway, and adding that necessary funds will be placed shortly at the disposal of the Southern Mahratta Railway Company.
15	693	17	Exec. Engr., Birur-Shimoga Ry.	Passing orders on the re-distribution statement of staff proposed to be employed on the Birur-Shimoga Railway.
16	696	17	Secy., Rev. & Gen. Depts.	Requesting him to forward early Bangalore District Deputy Commissioner's letter No. 170 of the 18th June 1880, referred to in Government Proceedings No. 3669-70 - 154, dated 14th August 1880, in the matter of the grant of land to Messrs. Rickie & Co., at the Bangalore City Station and other papers connected therewith.
17	698	17	Hon. Secy., South Planters' Association.	Requesting him to furnish the Durbar with such information as may be at his disposal regarding the probable traffic which the proposed Arsikere-Mangalore Railway is likely to command.

Serial No.	Proceedings. No.	Date.	To whom sent.	Subject and Order.
18	699	17	Dy. Comr., Hassan	Forwarding a copy of the above for information.
19	703	18	Comptroller ..	Forwarding copies of statements showing the leave granted to, and the changes made in the pay, &c., of the pensionable employees of the Durbar serving under the Southern Mahratta Railway Company during the quarter ending 30th September 1896.
20	704	18	Traffic Manager, S. M. Ry., thro' Residency.	Intimating that the Compiler, *Mysore Gazette*, has cancelled the bill amounting to Rs. 16-12-0 for publishing a notice regarding the removal of timber stacked at Nanjangud, Mysore and Paschimavahini stations, and observing that all such notices for publication in the *Mysore Gazette* should be sent through this office.
21	705	19	Secy., Gen. & Rev. Depts.	Forwarding a plan showing the alignment of the proposed Tharagpet extension of the Mysore State Railway with a request that the building site granted to Hospital Assistant Ponnusami Pillay may be marked thereon and the same returned in view to offering an opinion regarding it.
22	708	19	Dy. Comr., Kadur	Requesting him to arrange to place the travellers' bangalow at Jodikatta temporarily at the disposal of the Executive Engineer, Birur-Shimoga Railway, for accommodating the staff employed on that railway.
23	710	19	Do, Shimoga ..	Forwarding for re-consideration copy of letter No. 269 of 29th October last from the Executive Engineer, Birur-Shimoga Railway, together with a copy of its enclosure regarding the occupancy of the travellers' bangalow at Benkipur by the Birur-Shimoga Railway staff.
24	721	24	First Asst to Resdt.	Requesting him to obtain for the Durbar from the Agent, Southern Mahratta Railway, the last pay certificate and Service Register of clerk T. Subba Rao, who has lately reverted to the Mysore Service.
25	722	24	Agent & Manager, Madras Ry. Co.	Replying that the weekly traffic returns referred to in his letter No. 9604—11495, dated 19th instant, will probably be required up to 1st April next.
26	727	27	Station Master, M. Ry., Canton., Bangalore.	Requesting him to arrange to receive a sum of Rs. 182 from the State Huzur Treasury, Bangalore, being the estimated amount sanctioned by the Durbar for concreting over roofs of gatemen's lodges on the Kolar Gold Fields Railway and remit the same to the Company's Cashier at Madras as usual.

				on Railways in Mysore for the year 1896 together with a statement showing the general results of working.
29	733	27	Dy. Comr., Mysore	Intimating that as the District Engineer, Southern Mahratta Railway, Mysore district, does not consider the fencing from Kadakola up to the level crossing gate at Machanhalli on the Mysore-Nanjangud extension to be an immediate necessity the question must be defered until some more definite information is forthcoming regarding it.
30	736	30	Agent, S. M. R., thro' First Asst. Resdt.	Forwarding a copy of letter No. 269, dated 18th November 1896, from the Deputy Commissioner, Bangalore district, recommending the advisability of opening a new level crossing a few yards nearer the station-house at Yelahanka on the Bangalore-Hindupur Railway instead of the existing one situated outside the said station, and requesting that the proposal may be given effect to should there be no objection to it.
31	737	30	Secy. to Govt., Gen. and Rev. Depts.	Intimating that the house building site granted to Hospital Assistant Ponnusami Pillo will probably interfere with the railway extension to the fort should this extension ever come to be constructed.
